

## **Mission Statement**

In the spirit of the great Presbyterian Reformers who, inspired by their unwavering faith, strove to preserve the purity of our Christian tradition, our mission is to revitalize and rejuvenate our beloved denomination. As staunch defenders of our theological heritage, we seek to inspire individuals to embrace the richness of Reformed theology, biblical fidelity, and orthodox Christian values.

Our objective is to encourage individuals to join theologically conservative churches and, through patience and dedication, assist in the revival of a denomination that has strayed from its core principles. We believe that, united in purpose and guided by faith, we can help bring the church back to its roots.

By fostering a community of like-minded believers, we aim to provide spiritual nourishment and mutual support, standing resolutely against theological compromise and the drift toward liberalism. We shall wait with faith and determination, trusting in God's providence, for the day when our denomination returns to the theological convictions of its founders.

In the grand tradition of the Reformers, we affirm the enduring relevance of our creeds and confessions and the fundamental truths of Scripture. With unwavering commitment, we dedicate ourselves to reclaiming our denomination for the glory of God and the advancement of His kingdom.

Together, alongside the broader mainline Reconquista movement, we espouse the championing of theological conservatism, and are committed to the preservation of our Presbyterian faith
